## F4 Team Conference Call Meeting Points – April 6, 2016

**Catherine Crawford** – Max and Jan Crawford are in Italy with Catherine as she is recovering from her illness. They will remain with Catherine with the prospect that they will bring her back to the States in the next week or so. Work at Crawford's facility building our F4 cars is continuing.

**1<sup>st</sup> Test** – Derrick Walker spent some time at Crawford Composites and attended the first test of the F4 car with Dane Cameron driving. Dane's comments were very positive about the car and its response to input, power deliver and the paddle shift/transmission. Derrick felt the test confirmed that the package not only looks right but also was endorsed by a driver who knows what is required of a car was very good news. Derrick's first impression was that here is a "made in America" car that is a lot of car for \$50,000.

**Engine Delivery** – With HPD's durability test concluding, engines will be delivered in time for car assembly next week.

**Engine Supply Agreements** – The engine lease agreements will have been sent to you by the end of business day today. Please schedule an appointment with Jeff Barrow at HPD to go over the lease terms and conditions.

---

**Engine Installation** – It was stated that a \$2,000 fee from Crawford for engine installation was due. This fee is currently under review.

### **Delivery Schedule**

Week of April 18    5 cars

Week of April 25    3 cars

Week of May 9       3 cars

Week of May 16     3 cars

Week of May 20     3 cars

Please remember to keep up with your car payments to maintain your place on the delivery schedule. Full payment will be necessary prior to vehicle pickup. A complete schedule with team names will be sent out at close of business on April 6<sup>th</sup>.

**Regulations** – Sporting and technical regulations will be sent out as soon as they are approved by the FIA.

**Registration** – In the effort to design a more streamlined system we have delayed the start of registration until April 11<sup>th</sup>. We would ask that you register as soon as possible in order that we may process and get your credentials sent to you prior to the start of the first event in Lime Rock.

**Official F4 Series Tests** – We are not looking at Lime Rock on May 17<sup>th</sup>.
