Memo #0026

IMPORTANT INFORMATION

After several attempts to get you to pal ahead, we are now down to barely two weeks to go before the FIRST event many of you have not got sent in your waivers or registration information or even sent in your tire orders. You REALLY need to pay attention to order now for Mid-Ohio.

- #1 Pirelli Tires – the deadline for ordering tires was last Friday, June 17th without incurring an extra charge. They have gotten a few orders but are worried because they will only have limited tires available at Mid-Ohio so you want to make sure you have put in your order and paid for them ahead of time. They are giving you an extra chance to get this done by TOMORROW JUNE 21st until 5PM without incurring the shipping charge. The forms for ordering and credit card authorization are attached. If you do not get your order in by tomorrow at 5PM you will need to have it in by Friday, June 24 at noon and you will be paying a shipping charge somewhere in the neighborhood of \$300.00. They will do everything they can to help you out but if you miss both of these deadlines you will not be guaranteed tires.
- #2 Mid-Ohio Minor Waivers. This memo was sent out last week as soon as we received it. If your driver is a minor these waivers are required by Mid-Ohio in addition to all forms required by SCCA Pro. These need to be witnessed by the parents and turned in to Mid-Ohio prior to the event. Make sure that this happens as we have no control over their policies.
- #3 REGISTRATION – Do not plan on coming to Mid-Ohio with all of your paperwork as you will not be guaranteed to have it completed before F4 weekend activities start. We need all of your forms including your driver's license application, medical and annual waiver (printed in red and notarized) as well as any forms for the team members along with annual waivers and your vehicle registration form, entry form and championship prize money form.

PLEASE, HELP US GO TO OUR FIRST EVENT READY AND PREPARED
