

July 27, 2016

Memo #0038

Sporting Regulations

There is an update to the Sporting Regulations that has been released - 2016 US F4 Sporting Regs Release 1.4, changes are identified from the last release with a line on the RHS of the relevant regulation. These will be applied with immediate effect, in particular note the following:

5.4 Race length – see regulations

24.4 Tire use – see regulations

25.2 The minimum weight of the car plus driver at any time during competition shall be 634.1 kg (1398 lbs.)

Appendix 4 Car Livery

HANS tether Certification

A reminder to all drivers to check that the tether certification on their HANS device is current.

Head Collar Specification

A reminder to all drivers that the head collar must be as supplied or in some cases modified by Crawford Composites and meet the FIA requirements.

Car Number Template

SCCA Pro Racing will be providing a vinyl number panel to all cars for the 2 rear wing endplates and front nose number locations. A new F4 engine cover logo and wing end plate logo will also be supplied. See example below:

Teams should advise SCCA Pro Racing by end of the day July 29, 2016 of whether they want black on white or white on black for the number panel. SCCA Pro Racing will provide the first sets for each car FOC and subsequent sets may be purchased through SCCA Pro Racing. Please return team preference to Cathie Lyon at clyon@scca.com.

Additional number plates and F4 logos must be purchased from SCCA Pro Racing at the following cost:

Number plate car set	\$17.00 / set
F4 Logo – Engine Cover	\$ 3.00 / ea.
F4 Logo – Wing End Plate	\$ 5.50 / ea.
